

All characters, whilst given ages, do not have to be played by people of these ages.  
It's all in the characterisation.

So a male of any age can audition for the part of Noah and/or Terry.

All characters are performed with a Dorset accent, as it is set in Lyme Regis, apart when performing as characters from the film.

Jade

Daughter. Character age - Mid-teens. Standard stroppy rebellious teenager on the surface. Emotionally vulnerable on the inside.

Noah

Son, character age - 10-12yrs. Excitable. Just wants things to be happy

Terry

Father. Cautious & panicky. Raising both kids by himself, so wants to exude some sense of authority.  
Wants the best for the kids, but doesn't know how to do it

---

There is a dance routine to Stronger by Britney Spears which is performed by Jade with Noah & Terry joining in towards the end.

There are 2 songs performed; an original called Goodbye Triceratops performed by Noah whilst Jade/Terry act out a scene and a rap performed by Jade over the backing track to Gangsters Paradise by Coolio with Noah & Terry performing the chorus and a little dance routine
