SQ 26 COOLIO GANGSTA PARADISE

JADE: Mum taught me so much, before she died
biology, technology, how eggs get fried.

She showed me how to read Hammond's arc,
It's a metaphor for patriarchy in Jurassic Park

The dinosaurs are women
the men try to fit them in
boxes and cages they've been doing this for ages

You can't control us,
keep us caged,
we've been building this rage since the Cretaceous age

Leaves, plants, rain, the change in the season
Everybody knows it's Mother nature for a reason.

Control our reproduction
commercial production
We're the women of the wild and we'll be your destruction

NOAH: why are we so blind to see
That the ones we hurt are you and me

Noah

SONG: BYE BYE TRICERATOPS

*Noah walks over during intro playing uke to sing to the Tri head. TERRY does the breathing.
'Bye Triceratops' Played on the ukulele.*

The size of your thighs
And the look in your eyes
- are fantastic.

The most beautiful creature that I have ever seen (Jade & Terry continue miming Tri)
It's strange that you came from a time that they call Jurassic
We could be the best friends this world has ever seen

Now, your tongue is so numb and your lungs are gasping for air
(Jade starts playing the glockenspiel)
I try not to cry but my eyes are starting gleam
If I turn away it's because I can't look straight at you
Sixty-five million years and still our time was too brief

So bye triceratops!, **LX 301**
Don't cry triceratops,
I will try triceratops,
To get by
Without you.
